Program Overview:

The responsibilities facing attorneys, employers, and insurers handling litigation matters in West Virginia have grown. Today, each party involved in litigation must understand the requirements of Medicare compliance. Medicare's interests must be protected when a case involves an individual who may become eligible for Medicare benefits or is a current Medicare beneficiary. If Medicare's interests are not protected, all parties involved in a case can be assessed penalties.

The CLE will cover the following:

- Historical background on Medicare Compliance
- Analysis of the three tiers of Medicare Compliance
 - Conditional Liens
 - Medicare Set-Asides
 - Mandatory Reporting
- Penalties for Non-Compliance

Join us for an informative and productive presentation on Medicare Compliance in West Virginia .

Presenters:

Dickie, McCamey & Chilcote, P.C.

Maureen Kowalski WV Workers' Compensation Group

Charles G. Brown Medicare Compliance Group Chair

Bridget Langer Smith Medicare Compliance Group Co-Chair
